

STEP 1:

Go to
khanacademy.org
and log in!

GROW YOUR MATH SKILLS

USING  KHANACADEMY

STEP 2 : If you want to...

...**REVIEW** previous math topics
OR
CHALLENGE yourself by learning new things:

At the top, select **SUBJECTS**

Then, click **MATH > grade- or subject-level mission***

...Understand a **SPECIFIC SKILL**
or concept in math:

Search for

the skill or concept

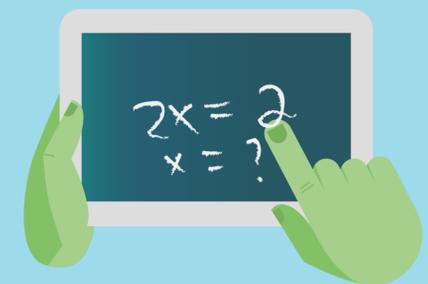

Then, watch videos & practice exercises
to improve your understanding!

STEP 3:

Do any of your classmates
need help with something
you have already learned?
If so, try explaining it to them
in your own words!

STEP 4:

If this process
helped you,
try it again
with a new
set of skills!

*If you're unsure which mission is right for you, ask your teacher!
